It's FunnyBy Becky L. DavisGet one. You'll be looking up every dirty word you can think of in no time. Excellent tool for everyone, especially for immigrantsBy LonghairKatThe book is an excellent tool to learn and understand a lot of expression people use in the United States and not only it offers the meaning, but suggests how and when you can use each phrase or word.If you are studying English now, or you are a new immigrant trying to assimilate this new culture, this book has to be in your bookcase, but even for natives the book educates how use each word, because even the "bad words" are listed.
