Sophia Lubensky, Gerard L. Ervin, Larry McLellan, Donald K. Jarvis : Nachalo, Book 1 (Book Audio CD)
before purchasing it in order to gage whether or not it would be worth my time, and all praised Nachalo, Book 1 (Book Audio CD):

2 of 2 people found the following review helpful. This is an ok bookBy JCIIt is split into different situations you might find yourself in, which is great. However, it is bad with teaching grammar. I found myself and many of my classmates so confused with the grammar that we had had to find alternative sources. I do like some of the stuff in the book, but it definitely could be much much better.0 of 0 people found the following review helpful. Extremely pleased with my purchaseBy LeighThe book came in PERFECT condition and I think I will keep it in my collection for years to come.2 of 2 people found the following review helpful. ExcellentBy Mimi RoeauMy Russian Class uses this book and it's been a great experience. The book is mostly in Russian, which can make it difficult to use at first, but once you become familiar with where things are, it is a fantastic textbook.

Available in a 2-volume format, Nachalo is the most exciting text available for beginning Russian courses. Written by a respected team of Russian scholars and linguists, Nachalo presents grammar functionally and teaches students the four skills of listening, speaking, reading, and writing within the context of a wealth of cultural information. The abundant practice material in Nachalo ranges from focused and controlled to open-ended and communicative. Nachalo features an on-going story set in Russia with a cast of Russian and American characters, exposing students to new vocabulary and structures in authentic situations. Most exciting of all, Nachalo includes the most extensive package of support materials for any beginning Russian text on the market, including a video tied specifically to the text, shot on location in Moscow. The Second Edition is even more powerful with a text-specific Website and an all new student CD-ROM.
