Matt lays out exactly how you stack your skills and what you offer to the hiring company in a n easy to read and very workable solution. I have had the pleasure of attending Matt's training for things such as Advanced Presentation skills.

This book, like his classes is worth every penny.....a must read for any one looking to move to the next level.0 of 0 people found the following review helpful. Great book. Read this BEFORE your interview.By Scott M. GierThis book is an excellent reference for anyone preparing for an important interview. It provides an outline of what to expect during the interview process and proven strategies how to present yourself in the best light. This book would be a wonderful gift for the new graduate. It is also a valuable resource for those who do the hiring. Packed with insight from an expert. Highly recommend.0 of 0 people found the following review helpful. Great book for all majors/jobs and for all experience levelsBy Clay L.Great book - whether you are nervous to start interviewing or if you have been confidently interviewing for years, this book will be helpful. It guides you through pre-interview prep work so that you are ready without wasting your time. It gives fabulous interviewing tips as well as an outline to bring to the interview so that you are professional, prepared, and well versed. I have been recommending it to all my classmates.

This book offers in-depth advice on how to answer the most common job interview questions such as: how to answer the interview question "Tell me about yourself", how to answer the interview question "Why do you want this position?", how to answer the interview question "What is your plan of action if you get this position?", how to answer the interview question "What are your short and long term goals?", how to answer the interview question "What are your strengths and weaknesses?", how to answer the interview question "What was your greatest failure at work?", how to answer the interview question "What would you do if [faced with a certain scenario]?", and how to answer the interview question "What questions do you have for me?" This book is designed to provide readers with interviewing tips that will help grow confidence in the interview process and to land the job. This book is also to help readers practically prepare for the next interview and to make the process of preparing for the interview pain free. This book will help readers succeed in the interview process and be considered the best candidate for the position that they seek. Job candidates who use the techniques outlined in this book not only distinguish themselves as master-interviewers, but also will find they are offered the job on the spot.
