0 of 0 people found the following review helpful. Three StarsBy CustomerA bit outdated but contains some good

advice on how to talk with people, especially for networking.0 of 1 people found the following review helpful. Great service!By mammonsFast delivery and the book was in great condition. Couldn't beat the price! Very pleased with the overall service.2 of 2 people found the following review helpful. Best resource for recent college grads!By A CustomerThis book was used in a class my senior year of college. It proved to be very helpful, and even now 6 years and 3 jobs later I still find myself using it as a guide. I'm not sure if it's been updated since 1996, so it may be missing some of the web and email tips, but it's still the best solid advice I've seen in all my searching for job books.

Features nine practical assessment devices designed to determine a young job seeker's psychological and logistical readiness concerning the steps needed in searching for employment. Each chapter begins with a quiz, followed by typical questions, action steps and helpful resources. Coverage includes job search survival, career vocabulary, interviewing, how to study for and pass job search finals using time-tested techniques. Contains sample resumes, phone scripts and correspondence.
