Leonard E. Pruitt : Namemaker's Handbook before purchasing it in order to gauge whether or not it would be worth my time, and all praised Namemaker's Handbook:

A resource book for selecting or devising names for any person, product, organization or object. There are fourteen lists for direct selection including baby names, pet names, athletic teams, lodgings, publications, and residential areas.

The remainder of the book is columns of words in a thesaurus form dealing with over 500 subjects. These include animals, botanical, Biblical, creatures, food and drink, fowls, ne'er do wells and more. The use of slang, foreign terms, and mythology are extensive. Many rows little prose. An excellent tool for writers as well as name searchers. Hard back. 6" x 9"
