Kate Wendleton : Navigating Your Career: Develop Your Plan, Manage Your Boss, Get Another Job Inside (Five O'Clock Club) before purchasing it in order to gage whether or not it would be worth my time, and all praised Navigating Your Career: Develop Your Plan, Manage Your Boss, Get Another Job Inside (Five O'Clock Club):

2 of 2 people found the following review helpful. Good Common Sense But A Little To Repetitive Of Past Volumes By G. J Wiener Another good book in Kate Wendelton's series. Kate gives good insight on the power of networking and doing this in a calm patient manner. Research is another aspect Kate emphasizes as well and its amazing the good detail that she provides. My only issue is that there are several pages which repeat the exact same text in another one of Kate's books. Whereas Kate's ieas are somewhat worth repeating, it would be good if she did not merely copy and paste from one booklet to another. Its a small portion of one of the earlier chapters but I did notice it

so a one star deduction is appropriate. Nonetheless, Kate and The Five O Clock Club are a good team.

A hands-on approach to developing your career within your present organization. Readers learn the inner workings of how organizations function in order to better position themselves for key promotions, and learn how to develop themselves professionally for lifelong career success. Numerous case studies make the content real, and easy to apply.
