Mark Davids : Neckties, Bow Ties, Pocket Squares: A Practical Guide To Upgrading Your Look! before purchasing it in order to gage whether or not it would be worth my time, and all praised Neckties, Bow Ties, Pocket Squares: A Practical Guide To Upgrading Your Look!:

1 of 2 people found the following review helpful. Great reference guide!By Dr HAppearance means everything, and

one must always dress for the role they expect in life. If a man in the suit makes a difference between winning on a job interview or being awarded a big contract, then the tie is indeed what sets the man apart. This book is a good read for both men wanting to dress for success, and women who want to help the men in their lives dress for success. It tells you how to be selective about choosing ties, how to best take care of your tie, and how to tie your ties! It is amazing how many people are unable to tie a tie, or understand the different types of knots. The author also includes pics and clear images, which makes it so much easier than having to learn from words. You may even find yourself being open to other types of ties just by seeing the examples in the book. For example, many men simply do not wear bow ties because they really aren't too familiar with them, and thus do not know how to choose them. A book like this is a good reference to have handy and I highly recommend it!

0 of 1 people found the following review helpful. I want to give this no stars. By H. McCullough I want to give this no stars. Save your money and buy a pocket square. Seriously, it looks like this book was made at Kinkos. Plus, it has only 3 folding instructions and they're the ones that everyone knows! Not worth the money.

1 of 2 people found the following review helpful. Fantastic and Practical Read By Cheezes I know that this book is targeted toward men but let me tell you, as a girl in a parochial high school where the privilege of wearing a tie was only afforded in the last 2 years, I would have benefited tremendously from this book. I learned to tie the Half Windsor knot by watching another girl nearly choke herself. I never untied my tie and spent countless hours trying to iron out every last unyielding wrinkle. I found this book invaluable, especially if you have no clue (like I do) about how to select a tie (who knew body structure, height or lapel width had anything to do with it), care for a tie, tie a tie, or color-code it to your wardrobe. I'm not the biggest fan of bow ties but the examples I saw in the book looked quirky and smart. I also figured out the difference between a pocket square and a handkerchief. As a woman I notice small details in mens' appearance although I previously had no clue on how to put the look together. Now I know. This is an informative read with a brief history, diagrams, and photos. It's like a tie bible!

Neckties, Bow Ties, Pocket Squares - A Practical Guide To Upgrading Your Look! by Mark Davids, 2015 Edition

This book is a bundle of three of Mark Davids' books, each covering a different piece of men's fashion accessories: - Neckties: A Practical Guide to Buying, Tying, Wearing and Caring for Neckties - Bow Ties: A Practical Guide - Pocket Squares: The Complete Guide. The way you dress impacts not only the way others see you but also how you see yourself. Wouldn't it be nice to carry yourself with more confidence knowing that you are one of the best dressed men in the room! Knowing how to wear a necktie or a bow tie is only the first step. Combining it with the right pocket square makes you reach the Top 1% of best dressed men! Mark Davids brings all the know-how to you in this 3-in-1 style guide. Every man can benefit from his years of experience and his wealth of knowledge on all things related to men's fashion.

Neckties: A Practical Guide to Buying, Tying, Wearing and Caring for Neckties Whether you missed out on learning how to tie a necktie from your dad or you've been wearing ties since before you could walk, you'll benefit from "Neckties: A Practical Guide to Buying, Tying, Wearing and Caring for Neckties" It's so much more than just a manual for how to tie your necktie properly. Indeed, this guide does do that by showing you three ways to tie your necktie different (the ones you need to know!), but to see this book as just a how-to guide misses the point. What you get with his book is something much more! Imagine having a personal consultation with a necktie expert (someone versed in necktie history, textile production methodology, and men's style) giving you his expert advice.

Bow Ties: A Practical Guide While most men will wear a necktie at some point in their lives, even if it's reluctantly, not all men are ready to rock a bow tie. However, bow ties have been spotted more frequently on today's most fashionable men, and a brief look at their history shows that they have always been a part of the truly well-dressed man's wardrobe. So, how about looking like Frank Sinatra or James Bond? Wearing a bow tie right requires an attitude. You have to exude confidence and a bit of swagger. Mark Davids' "Bow Ties: A Practical Guide" will prepare you for this trend in men's fashion and give you that bit of swagger and confidence to borrow.

Pocket Squares for Men: The Complete Guide Like footwear is for a woman, pocket squares can be the defining finishing touch to the well-dressed man's ensemble. And just like there's a striking difference between sexy, red stilettos and fuzzy house slippers, there's a difference between the quality, design, and even folding of pocket squares. They can be funky, they can be classy, they can be timeless. It all depends on just a few important elements that this book describes and gives you valuable tips. With Mark Davids' "Pocket Squares for Men," you get a personal pocket square guru to help you look the part of the polished, suave man of style. Davids walks you through every detail, from choosing a quality fabric and right size, matching colours, current trends, to folding your pocket squares in 5 different ways. Get the bundle of these THREE books now at the special bundle price! Learn everything you need to know about Neckties, Bow Ties AND Pocket Squares!
