Ken Anderson, John Hayes : Nelson's Little Book of Where To Find It in the Bible before purchasing it in order to gage whether or not it would be worth my time, and all praised Nelson's Little Book of Where To Find It in the Bible:

3 of 3 people found the following review helpful. It's great to have this in electronic format. This is one of those books every Christian should have with them at all times. By Jack HI don't know if I've just missed it up to now or if it really is a new release, but I was so happy to see this finally available on the Kindle! I have the print version...my daughter has the small print version...and now I can have it on my tablet and phone so it's with me where ever I go. This is a

great book for finding verses and passages about certain topics in the Bible. Want to know what the Bible has to say about loneliness? Just click on the word in the table of contents and it takes you to two pages of references, everything from feeling like nobody likes or cares for you to how being alone can help you find a deeper communion with God. Each section also ends with "other topics" that are related and may help you find the answers you're looking for. For example, the section on "alcohol" ends with references to abstinence, beer, drunkenness, liquor, and wine. This is a really helpful book for pastors, councilors, or just a friend trying to help a friend. Besides the Bible itself, this is probably the most important book for anyone to have with them. For yourself or helping you to help others, this can really help you find the passages in the Bible that you know are there but just can't quite remember the Book and Chapter.

4 of 4 people found the following review helpful. contradictory
By du_nomad
The author begins this book explaining how difficult it is to interpret the written word, because meanings change depending upon the inflection emphasis of different words. The prime example given is how the phrase "I didn't say you stole the money" can be interpreted at least 6 different ways, with significantly different meanings, depending on which word is emphasized. However, he then goes on to simply point to Bible passages on different topics without explanation/interpretation. In other words, he acknowledges that written statements can be difficult to interpret without additional explanation, but then expects the reader to simply read a Bible passage somehow know which interpretation is correct.

By JIsaacs8
This is the second one I have bought and I would recommend it to anyone!

Whether you're a brand-new Christian or a decades-long believer, today's issues may seem far removed from those in biblical times. Nelson's Little Book of Where to Find It in the Bible is an A to Z reference dictionary with quick access to scripture-based answers of almost any question you can imagine. Simple to use, it tackles traditional and 21st century issues without heavy theological language. This travel-sized book is bursting with information yet compact enough to fit in your pocket. You will laugh at its one-liners and illustrated jokes as it points you to God's Word. Companion to the New King James Version, King James Version, New International Version, and other translations.

Features:
Readily accessible
Works with many translations
Easy-to-read
Completely illustrated

About the Author
Ken Anderson was a free-lance writer for more than half a century, authoring some forty books, hundreds of magazine articles and short stories. He was also active in the production of motion pictures and videos.
