Get this one and you'll not be sorry!1 of 1 people found the following review helpful. Great Bible Dictionary for contentBy Gary ThompsonI truly love this Nelson's Bible Dictionary and I use it daily on my 6" Kindle. Content-wise, it is superb. The entries are well vetted and chocked full of useful information. My objection relates to the difficulty in being able to quickly search for a word. It is as though someone forgot to put text links in the Kindle Edition. If you are looking for e.g., BOAZ, you must navigate to the "B"'s, then scroll through all the B listing until you finally get to BOAZ. You can't just search for the word itself. If Nelson would fix this, this edition would be nearly perfect, in my most humble opinion. God Bless.0 of 0 people found the following review helpful. Five StarsBy Dorothy Ann DebaseI like and is useful not exactly what I wanted, however good material.

This completely revised and updated edition is the most comprehensive and up-to-date Bible dictionary available. A wealth of basic study information is found in more than 7,000 entries plus over 500 full-color photographs, maps, and pronunciation guides. Includes the Visual Survey of the Bible.
