**Tom Parker : Never Trust a Calm Dog: And Other Rules of Thumb** before purchasing it in order to gage whether or not it would be worth my time, and all praised Never Trust a Calm Dog: And Other Rules of Thumb:

1 of 1 people found the following review helpful. BookBy ych"Never Trust a Calm Dog" is a book full of interesting "dos" and "don'ts" from A to Z on just about any subject. I think you would find it to be a good informative read. Buying it used is a good way to go if it says "Used Like New". The book will be in good reading condition.0 of 1 people found the following review helpful. Is a good bathroom read.By stingrayIs not a back book, a little skimpy but I recommend it.4 of 4 people found the following review helpful. Rules of thumb in codified formBy David DialThis is a fun reference book containing several hundred rules-of-thumb in a reasonable, usable format. The rules are separated into twenty topic categories arranged along the margins. You can spend hours flipping back and forth exploring the different categories. I learned a lot from exploring this book. Did you know you can use a paper match as a feeler gauge for setting ignition points in an old car? Did you know that you need to have 100 albums in your record collection to effectively avoid getting bored by repetition? Did you know you should never trust a calm dog

because they're the ones most likely to bite you?

Hardcover and dust jacket, as pictured (msc)
