**Philip D. Morehead : New American Roget's College Thesaurus in Dictionary Form (Revised Updated)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised New American Roget's College Thesaurus in Dictionary Form (Revised Updated):

4 of 4 people found the following review helpful. A thesaurus organized by ideas, thoughts and concepts (as conceived by Peter Roget) is more useful than one in dictionary form. By Robert C Brooks I had ordered this in Kindle format, but then lost my kindle paperwhite, so perhaps have not provided a fair rating. The original Roget's International Thesaurus in book form for which I also have (7th edition), is amazing and mostly because the words and phrases are grouped by meanings, ideas, thoughts, and concepts. This organization by ideas is so much better than a dictionary format, because when seeking a word or phrase to convey the meaning you want to express you can quickly find the optimum expression because all related ideas and concepts are close at hand. The grouping by ideas is so valuable that simply browsing is immensely entertaining and edifying. Ideas containing word meanings are grouped into 1075 categories and fifteen classes of words. Even considering the classes is an eye-opener: 1. The Body and the Senses. 2. Feelings. 3. Place and Change of Place. 4. Measure and Shape. 5. Living Things. 6. Natural Phenomena. 7. Behaviour and the Will. 8. Language. 9. Human Society and Institutions. 10. Values and Ideals. 11. Arts. 12. Occupations and Crafts. 13. Sports and Amusements. 14. The Mind and Ideas. 15. Science and Technology. Most of us by simply being exposed to these groupings will likely be tempted to explore the ideas, concepts, and words within. 1 of 1 people found the following review helpful. the thesaurus By Cutie Baby My teacher recommended this thesaurus to me and to my classmates so I decided to buy it. I was delivered as I expected. It is paperback so I need to put cover in to avoid to worn out. We use this thesaurus today and I realized that not all of the words is in this book. I wish they put more words on it and put more synonym of the word so the students can use the appropriate words for writing. I will keep it because I bought it cheap and I will still need in my English class. 0 of 0 people found the following review helpful. Extremely Useful And Handy... By LuvMiracles This is exactly what I wanted and needed! It was affordable very useful. I always have it nearby. I was surprised with some of the definitions...for example, "molest" simply means "annoy".

The ultimate alphabetically arranged thesaurus that will help you find the right word every time now bigger and better than ever before! This all-new edition of the classic reference work is the one thesaurus no home or office should be without. As easy to use as a dictionary and just as important for you to own this is a unique and indispensable treasury of words that will enable you to express your ideas clearly and effectively. With the synonyms and antonyms for each word listed alphabetically for quick, convenient use, this superior reference volume will help you build your vocabulary, improve your writing skills, and enrich your powers of expression. Simple to use no index required More than 5,000 new words and phrases 2,000 new synonym entry words for more efficient cross-referencing 30 new categories Easy-to-read double-column format Latest colloquial and slang terms Quotations and phrases that reveal the fascinating history of each word and the ideas it represents

About the Author Philip D. Morehead is the editor of The New American Webster Handy College Dictionary and The New American Roget's College Thesaurus and the author of the New American Crossword Puzzle Dictionary and The New American International Dictionary of Music. He is the son of late lexicographer and games expert Albert H. Morehead, the original co-editor of this book, who was the Bridge Editor of the New York Times for over 25 years and the editor of many books on games.
