Gleason L. Archer Jr. : New International Encyclopedia of Bible Difficulties before purchasing it in order to gauge whether or not it would be worth my time, and all praised New International Encyclopedia of Bible Difficulties:

1 of 1 people found the following review helpful. Good help when trying to get out of a sticking point By Roger Herrington I preach part-time and Archer's book is very helpful when I come to a rather difficult passage. Archer knew approximately 23 languages during his lifetime, and while his knowledge of the Biblical languages is helpful at times,

at other times it can be overwhelming.,0 of 0 people found the following review helpful. Good at many pointsBy DJ BaylyGood at many points, but occasionally a little too pat, or confident, in its explanations. Valuable, but remember that God's Word ultimately needs no defense. Spurgeon once said he would rather defend a roaring lion than the Word of God.I've given it to men studying for ministry more as an example of how alleged discrepancies can be handled than as a specific guide to defending difficult passages.0 of 0 people found the following review helpful. Good used bookBy James MazzaGood used book. No jacket, but no marring on cover. Of course it's the kind of book that would be treated as reference.....

Did God approve of Rahab's lie? Why are many of the Old Testament quotes in the New Testament not literal? Does the Bible class abortion with murder? Where did Adam and Eve's sons get their wives? Does 1 Corinthians 7:10-16 authorize divorce for desertion? What do you make of the difficult areas in the Bible those puzzling passages that make you stop and scratch your head? The seeming contradictions and inconsistencies of Scripture actually have sound explanations. But unless you're a Bible scholar, you probably don't know about them. That's why you need the New International Encyclopedia of Bible Difficulties. It gives you informed answers to your most troublesome questions. Some of the solutions seem obvious after you've read them. But most include an eye-opening look at linguistic, cultural, numerical, relational, and other considerations of which most Bible readers are unaware. Referencing both the New International Version and the New American Standard Bible, this helpful resource makes scholarly insights accessible to everyone. Whether you're a student, pastor, everyday Bible-lover, or even a skeptic, the New International Encyclopedia of Bible Difficulties will show you why the Bible is believable and dependable, with a message you can live by. Zondervan's Understand the Bible Reference Series This six-volume series supplies users of today's most popular modern Bible translation, the New International Version, with scholarly, economical, and uncompromisingly evangelical study tools. It includes the New International Bible Commentary, New International Bible Dictionary, New International Bible Concordance, and New International Encyclopedia of Bible Words, New International Encyclopedia of Bible Difficulties, and the New International Encyclopedia of Bible Characters.
