Put this up in the garage to track all the places my wife and I have been in the state and plan on where to go next. Get out and explore your state!8 of 8 people found the following review helpful. Well done mapBy JALA well done map with excellent detail. All state and national parks, recreation areas, monuments etc. are included. A campground guide, list of native American sites and points of interest in both Albuquerque and Santa Fe are also incorporated. Only wish it listed more ghost towns and old mining camps.0 of 0 people found the following review helpful. Big and usefulBy Shelleylooks like a very useful map for my upcoming trip, big and well marked. One note: it arrived wrinkled and not well folded, somebody had opened this and not folded it nicely before packing it.

This folded map is the ideal companion to the New Mexico Road Recreation Atlas. Metro areas (Albuquerque, Santa Fe, and Taos) are covered extensively for detailed recreation requirements. Lists and notations of campgrounds, parks, reservation areas, parks and wildlife areas, and national monuments are included. Popular features inside include the Roswell, Carlsbad Caverns, The Very Large Array, Taos, White Sands, and Game Management Units. A perfect tool for exploring New Mexico ski routes, hiking trails, and mapping the great American Southwest.
