**From Angus Stevenson : New Oxford American Dictionary 3rd Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised New Oxford American Dictionary 3rd Edition:

0 of 0 people found the following review helpful. Fantastic buyBy W.M.I am really happy that we finally purchased this dictionary. Its incredibly thorough and precise. It gets used by everyone in the house, especially by our teen while doing his English homework. We previously had the other popular dictionary but it was really lacking. Hands down this is the way to go.1 of 1 people found the following review helpful. The greatest dictionary for advanced readersBy PonoGreat dictionary!! I love the Oxford Americans. It's a more advanced dictionary for someone who already has a pretty expansive vocabulary of the English/American language. I still sometimes run into some words I don't know within its definitions but whenever I need to find a word this dictionary seems to have a great definition and it also has very helpful derivations/origins but you also need a pretty expansive understanding for those occasionally.13 of 14

A Good Supplement to The Shorter Oxford English Dictionary By Chris I bought the New Oxford American Dictionary Third Edition because my experience with its electronic version built in the OS of my MacBook Pro has been helping me a lot with current English Usage when I am using the computer. Apple's built-in edition is slightly different from this Third Edition. Perhaps Apple's is an earlier edition and usage notes are sometimes a bit different from those in the Third Edition. Anyway the Apple Dictionary experience has been so satisfactory and rewarding that I decided to buy a volume in print for other everyday uses when I am not using the computer. I am used to consulting the Shorter Oxford English Dictionary because when I want to look up a word, it's usually from a work of literature and the SOED is an excellent companion for this purpose because of its examples from prominent literary works and definitions from different periods in the history of the English language. But when it comes to everyday usage, especially American usage, the SOED is not so helpful. And that's exactly where the New Oxford American Dictionary comes in. Basically it is aimed at covering the most up-to-date usage one is likely to encounter in everyday life and the editing principles are definitely different from those of the SOED, which is the 20-volume Oxford English Dictionary in short. I find that the SOED and the NOAD can complement each other quite well, as the former takes care of the more formal English and the latter takes care of the more casual everyday English. I also appreciate the fact that there is an encyclopedic element in the NOAD, because it provides illuminating and sometimes entertaining facts about crucial components of modern American culture, which is essential to understanding modern American English. Actually the SOED coupled with the NOAD should be able to cover almost any words or phrases that one would like to look up in almost all normal contexts. And if your purpose is just to clarify everyday usage of American English, the NOAD is the dictionary to buy and it's really worth the money at .com's discount.

As Oxford's flagship American dictionary, the New Oxford American Dictionary sets the standard of excellence for lexicography in this country. With more than 350,000 words, phrases, and senses, hundreds of explanatory notes, and more than a thousand illustrations, this dictionary provides the most comprehensive and accurate coverage of American English available. The dictionary draws on the two-billion-word Oxford English Corpus and the unrivaled citation files of the world-renowned Oxford English Dictionary to provide the most accurate and richly descriptive picture of American English ever offered in any dictionary. The Third Edition offers a thoroughly updated text, with revisions throughout and approximately 2,000 new words, phrases, and meanings. Many new words relate to fast-moving areas such as computing, technology, current affairs, and ecology, while others have recently entered the popular lexicon. Usage notes have been updated in light of the most recent Corpus evidence, and a completely new in-text feature on Word Trends charts usage for rapidly changing words and phrases such as carbon, mobile, or tweet. In addition, the volume has an attractive, modern new text design that makes entries easier to read and find. One of the hallmarks of the New Oxford American Dictionary is the way it reflects the living language. Unlike in more traditional dictionaries, where meanings are ordered chronologically according to the history of the language, each entry plainly shows the principal meaning or meanings of the word, organized by importance in today's English. Thus readers can be confident that the first definition they see is the one most likely to be used by people today, and is not a sense that has been obsolete for two centuries. Offering clear, authoritative, and precise information, with the in-depth and up-to-date coverage that users need and expect, the New Oxford American Dictionary is the benchmark by which all other American dictionaries are measured.

"It runs more than 2,000 pages and weighs upward of 800 pounds, so will need one forklift or three sumo wrestlers to hoist it, but you will love this gorilla once you get to know it."--James Kilpatrick, "Writers Life" "Includes some unique and useful extras."--School Library Journal Curriculum Connections "NOAD is an eminently usable dictionary with an attractive layout; clear, crisp illustrations; usage guidance; and synonyms with connotations. Sure to be everyone's favorite dictionary! Summing up: Essential."--Choice "More current than its closest rival in size.... This is a 'buy.'"--Booklist STARRED REVIEW "Erudite, accessible.... If you're looking for a desk dictionary that covers the spectrum of American English, with a fair quantity of encyclopaedic information thrown in, you could do a lot worse." --World Wide Words "Ms. McKean had been dubbed "America's lexicographical sweetheart" by National Public Rasio's program "Talk of the Nation."--The New York Times s for the previous edition: "The gold standard of American dictionaries."--The Providence Journal "With its unique approach to language, this is easy to use and provides clear, well-written definitions."--Library Journal. "Oxford has always been so good at dictionaries, and lexicographical publishing needs a boost after Random House suddenly abandoned the field.... I'd give the New Oxford American Dictionary to a person looking for a quick answer."--William Safire, The New York Times. "In both definitions pronounciations the dictionary emphasizes American English.... This is a useful quick-reference type of dictionary."--Houston Chronicle "The New Oxford American Dictionary offers the most dependable reference information."--Seattle Times. "Utilizing the latest techniques for analyzing word usage and meaning, the editors have compiled more than 250,000 definitions and 9000 biographical and geographical entries in an accessible resource with a distinctly American voice.... An understated presentation exuding precision and authority, it is an essential tool."--

School Library Journal [STARRED REVIEW]"One of the best American-English dictionaries to come out in several years...This is a handy and not overly expensive dictionary to have on hand at the reference desk of academic and public libraries."--American Reference Book Annual 2002"Its editor, Erin McKean, is, according to American newspaper reports, the hippest and sexiest lexicographer around. It's also the first such work... with an electronic edition accessible on the road, since it can be downloaded to your Palm, Blackberry, or Windows mobile device."--World Wide Words"Unrivaled etymological information revealing fascinating word histories."--Tampa Tribune"A labor of love and an unparalleled gift to writers and readers worldwide, the New Oxford American Dictionary should be on the reference shelf of every library." - Library Journal"Remains true to its initial conceit of being an easy-to-use single volume of words that reflect today's society...Recommended." --Choice
