Maurice Waite : New Oxford Thesaurus of English before purchasing it in order to gage whether or not it would be worth my time, and all praised New Oxford Thesaurus of English:

2 of 2 people found the following review helpful. easily the best thesaurus I haveBy CustomerSO thorough, easily the best thesaurus I have. I'm a translator so having this as one of my resources has literally changed the way I work. I'm quite dependent on it! (Plus it's MASSIVE so I look very erudite with it hanging about ;))

The New Oxford Thesaurus of English is a completely new and unique top-of-the-range thesaurus. It is the result of intensive research and exploitation of Oxford's unique bank of linguistic databases. It provides comprehensive coverage of English as it is used today, including World English, and rare, unusual, and colloquial senses. The A-Z format, elegant open design with new elements starting on a new line, and the most useful alternative words given first, make this thesaurus particularly accessible. Help on how to use senses correctly is given through practical

example phrases and the cross-referencing system takes the user to other useful entries. Opposite and related words and combining forms are clearly marked to distinguish them from the rest of the entry. In-text notes give invaluable advice on the use of awkward and confusable synonyms, and boxed noun lists provide a wealth of information on a wide variety of subjects, from actors and actresses to types of whisky.

" This is the best thesaurus I have ever seen. . . . This book fulfils this requirement admirably and more fully than any I have seen. . . . No one who wants to widen their writing or speaking should be without this book. It is a goldmine and cheap at the price. " Bill Spence, *Yorksire Gazette and Herald* 23/11/2000`ultimate source of fresh ways of sying things old or new New Oxoford Thesuarus of English is a must' *Writing Magazine*, Feb/March 2001`This is the best thesaurus I have ever seen. . . .
