Beautifully illustrated and richly detailed, this collection of fifty individually drawn maps is a novel, visual way to unlock New Yorks special places. This unique new guide to New York dispenses with boring lists and dry descriptions and instead invites the user to discover different facets of the city through a series of fifty highly original, entertaining themed maps. Each of these inventive maps is illustrated in full color on subjects that range from the lighthearted (Famous Movie Locations) and whimsical (Where to Lose Your Children) to classic tourist itineraries (How to Find Manhattan Neighborhoods). The book includes something for everyone, from a map of the best spots to take a selfie to the landmarks of hip-hop. Some maps focus on the practical or exotic, while others reveal the citys forgotten or little-known corners. Taken together, the fifty maps create an extensive and exciting alternative to traditional guides. Contributing illustrators who were commissioned to create a map for this book include some well-known as well as up-and-coming illustrators: Jean Jullien, Gianpaolo Pagni, Chlo Poizat, Christian Roux, and Quentin Vijoux.
