I adore bizarre trivia/ weird headlines/ odd story books and this one is chock full of all of them! If you just want to relax and enjoy a chuckle or even a guffaw or two, this is a book for you! I have chronic pain and consequently spend a lot of time in bed with pillows, pain pills and Ben Gay (and 2 snuggly doggies) so I find this type of book perfect for when I can't concentrate on a novel or a more complicated book. Plus I get the added benefit of humor! Laughter is important for everyone, but it is essential for those of us in chronic pain or anyone who is immobile much of the time. I recommend this book for anybody who needs a laugh, regardless of your physical circumstance! 0 of 0 people found the following review helpful. Very Interesting Information By Janella Rose This book had very interesting information. Brings to mind that truth is stranger than fiction.

In this collection of outrageous news from around the globe, the creators of the News of the Weird books have

gathered more than 500 of the weirdest, craziest, and most outlandish stories ever to grace the pages of the world's newspapers. Line drawings.

From Booklist Weirder is everywhere. Kohut and Sweet help Chuck Shepherd compile the newspaper column "News of the Weird" and are thus well able to extrude their own collection of bizarre happenstances. Did you know there's a company that will certify that steel is kosher? Did you know that for a long time computer records maintained that the citizens of Hartford, Connecticut, were all dead? That someone in Cedar Falls, Iowa, attached doorknobs to trees in a city park? That someone, maybe the same person, stole approximately 100 doorknobs from New York City public lavatories? These and other incidents of great importance in the scheme of things come at you about three-to-a-page in this tome. Fun, if you treasure weirdness, and illustrated by grotesque realist cartoonist Drew (Warts and All) Friedman. Jon Kartman
