Michael Farr : Next-Day Job Interview: Prepare Tonight and Get the Job Tomorrow (Next-Day Job Interview: Prepare Tonight Get the Job Tomorrow) before purchasing it in order to gage whether or not it would be worth my time, and all praised Next-Day Job Interview: Prepare Tonight and Get the Job Tomorrow (Next-Day Job Interview:

Prepare Tonight Get the Job Tomorrow):

1 of 1 people found the following review helpful. Great Book for Job Interviews and for InterviewersBy LaidbackbusaThis is a very educational/informative book to prepare yourself for a job interview. My brother highly recommended it and it has helped me tremendously with my interviews even when playing the role of an interviewer. It even has a chapter on how to negotiate when you're offered a salary after the whole interview process. I highly recommend it.0 of 0 people found the following review helpful. My go to bookBy Mike K.This is a great book. I've used it to get my last four jobs including three promotions. The first time I used it I quoted the book for a variety of interview questions. Received an offer within days so I always buy a new copy if I can't retrieve it after loaning it out.1 of 1 people found the following review helpful. Best reference before an interviewBy Workin' GirlI love this book. I have given it to many friends over the years that are just about to interview for a new job. Every single friend of mine that has read this prior to the interview has given me feedback that despite the fact that much of the information in this book is basic, it really helped guide them to be prepared.All of my friends (four of them) that read this godly the job!

In this busy world, people don't always have the time to prepare for job interviews far in advance. For those who wait until the last minute and need to get up to speed fast, Next-Day Job Interview provides a solution. This book distills JIST's revolutionary and proven interview advice into seven quick chapters covering self-assessment, company research, key questions, a system for answering any question the might come up, unusual situations, following up after the interview, salary negotiation, and more.

About the AuthorMike Farr has been teaching, writing, and developing his job search techniques for over 20 years. He has written dozens of books that have sold over 2 million copies. Mike emphasizes practical, results-oriented methods that have been proven to reduce the time it takes to find a job. His commonsense advice has made his books the most widely used in job search programs.
