From our travels this map is fairly outdated from trip to Nicaragua in February 2015. However it is very readable and has all key features for the traveller sure as gas stations and local features eg. volcanos.

Great Map very detailed and made tough to endure rain and the bottom of a backpack. This will be very helpful while traveling. The map is great, easy to read, and resourceful.

By David C. Edsall
All of these National Geographic maps are great for travel because they are detailed and moisture proof. Most maps will deteriorate quickly when folded and unfolded many times when used traveling. These are made of a material that resists wear and tear.

Waterproof Tear-Resistant Travel Map
Explore the heart of Central America with National Geographic's Nicaragua, Honduras, and El Salvador Adventure Map. Hundreds of points of interest are highlighted including national parks and reserves, World Heritage sites, archeological sites, churches, shipwrecks, castles, and more. This map includes the locations of thousands of towns and villages along with a user-friendly index, plus a clearly marked road network complete with distances and designations for highways, roads, and other routes. The front side of the print map includes Honduras and El Salvador, two countries whose coastlines offer wonderful opportunities to surf, scuba dive, snorkel, or just soak up the sun. Sites for these activities and more are noted, as are hotels, lodges, and resorts. Nicaragua covers the back side of the map, and its detail includes diverse points of interest from museums and historical sites in Managua and Granada to areas noted for windsurfing, fishing, and observing the country's unique wildlife. A hot spot for ecotourism, this region boasts tropical rainforests, white-sand beaches, colorful wildlife, and stunning barrier reefs for outdoor enthusiasts to enjoy. The ancient and colonial history of these countries offer additional attractions from the impressive ancient Maya ruins of Copan in Honduras to the rich architecture of Granada, Nicaragua. As the smallest and most densely populated country in Central America, El Salvador offers a rich nightlife in addition to its beaches along the Costa del Sol. Every Adventure Map is printed on durable synthetic paper, making them waterproof, tear-resistant and tough capable of withstanding the rigors of international travel.
