Nirvana : Nirvana - The Lyrics before purchasing it in order to gage whether or not it would be worth my time, and all praised Nirvana - The Lyrics:

0 of 0 people found the following review helpful. Lyrical Errors / Proof ReadingBy Jess E. HansenGood information to have close at hand. The only negative is the fact that a lot of the lyrics are incorrect, and repeat the inaccuracies of past Nirvana songbooks. A slight bit more research and proof reading would have made this an absolutely irreplaceable and invaluable addition to any fans Nirvana library. As it stands, a better solution would be to use this one in conjunction with listening to the actual recordings, where the errors in this one are most readily apparent. Good idea though.0 of 0 people found the following review helpful. Great Book!By daffyd23Great BookLyrics are interesting!0 of 0 people found the following review helpful. Three StarsBy Arthur F. Saint-AubinThe lyrics are incomplete and often incorrect [at least alternative versions of some lines could have been provided]

(Book). The effect that Kurt Cobain, Krist Novoselic and Dave Grohl have had upon contemporary music is immeasurable. They brought "alternative" to the masses in a way that no other punk or metal band had before or has

since. By combining their varied influences, they created a distinct voice that hit the right chord with the music world at that time. Their undisputed reign as the purveyors of a bold new generation of music came to an abrupt and tragic end when Cobain took his own life in April of 1994. The legacy left behind is recorded in this insightful book of the words that shook the music world. It presents the lyrics with little interference or interpretation so that they can speak for themselves. In the quiet absence of the music, the lyrics for 67 songs, including all of their commercial releases, plus all B sides and selected rare cuts take on a life of their own. The range of emotions and ideas distilled in this one concentrated volume is huge. This poetic approach to the band whose work had such an impact, both then and now, will give fans and readers something new that they can take back to the listening experience of their favorite Nirvana songs. "This was the sound of psychic damage, and an entire generation recognized it." Jeff Giles, Newsweek "Nirvana doesn't bash you over the head with lyrics, anyway. They imply, they suggest, leave it open to interpretation." Daina Darzin, Village Voice
