By Marco Antonio MURRAY-LASSO
Although I have not read the whole book because of its nature, I can say the following:
Miss Jessie Smith did a tremendous job getting information and choosing the notable american black women to be included. My interest in the book was that I found out that it included my paternal grandmother Anna Evans Murray. Her biographical data are very accurate, they coincide with all I knew about her from family sources. She was the wife of another notable black american, Daniel A. P. Murray, my paternal grandfather. I feel proud to own such an important book.
