Richard A. Spears : NTC's Super-Mini American Idioms Dictionary : The Most Practical and Up-to-Date Guide to Contemporary American Idioms before purchasing it in order to gage whether or not it would be worth my time, and all praised NTC's Super-Mini American Idioms Dictionary : The Most Practical and Up-to-Date Guide to Contemporary American Idioms:

0 of 0 people found the following review helpful. The seller I ordered this from By Jessica N Dustinsent me an extremely (EXTREMELY) dirty book. I'm pretty much scared to touch it. Whatever's covering the sides is a little darker than just dirt too. I have no clue what it might be, and I'm just a little upset considering it stated that it was in good condition. Even using the word acceptable to describe this book wouldn't be right. There are people out there that can't stand dirt and now I have to use this for school. 1 of 1 people found the following review helpful. Five Stars By Khalid It was absolutely what I expected and more. 2 of 2 people found the following review helpful. Fun and Educational! By Micki We had an exchange student in our home last year and I bought her this book. We had a lot of fun with it. Her English was pretty good, but these types of expressions always confused her. Then, we would laugh because in trying to explain one "idiom" to her, we would end up using another in the explanation.....and so on- we never realized just how much we use these little sayings in our everyday speech! This little book came in handy- now, I am buying another for my new sister-in-law who is from the Phillipines. Check it out- it's a small, simple book, but worth it for sheer entertainment!

With more than 1,500 clichés, proverbs, and informal expressions, this is a super source of everyday American idioms.
