Me gusta!By Ashley PlexUsed it for My last semester in college and I actually learned a lot that I thought I knew. This is handy for those trying to perfect their Spanish, grammar-wise.

This book develops the communication and literacy skills of heritage Spanish speakers with exercises that are designed to improve oral and written proficiency in the language. Nuevos mundos uses the cultures and voices of the major Hispanic groups in the United States, as well as those of Latin America and Spain, to familiarize students with a

variety of issues and topics, which are sometimes controversial and always thought-provoking.
