Carmen Kosicek RN MSN : Nurses, Jobs and Money: -- A Guide to Advancing Your Nursing Career and Salary before purchasing it in order to gage whether or not it would be worth my time, and all praised Nurses, Jobs and Money: -- A Guide to Advancing Your Nursing Career and Salary:

8 of 8 people found the following review helpful. ExcellentBy David KimballI had left my job at the hospital feeling

beat, down and ready to leave nursing altogether. I am in my 50's, and had started feeling like I was trapped with no where to go. I got this book for free and thought "why not". Spent the next day reading this book. The first chapter didn't wow me at all, but as I continued to read this book, I realized that Carmen really knows what she is talking about. She really knows the realities of the market and her advice is sound. Even the "outside the box" examples are real and can be implemented by anyone. They aren't just ideas that are so far fetched that only one or two people in the world could do them. Because of all her ideas, I now have a new plan and a roadmap. I am once again excited about a future in nursing. I would recommend this book to any one in nursing school or experienced in the nursing field. It is well worth the cost of the book!!! Carmen, I can't thank you enough! 1 of 1 people found the following review helpful. and Money was a fantastic read! As a newly graduated nurse By terri TNurses, Jobs, and Money was a fantastic read! As a newly graduated nurse, I was searching everywhere for advice to make the best decision heading into my new career. This book gave me exactly that. It gave the courage to pick up and move across the country to take the best job opportunity and I do not regret this decision. I would recommend this to not just new nurses, but nurses everywhere as it appeals to nurses at every step of advancing towards their dreams. Its a must read. 2 of 2 people found the following review helpful. It will OPEN your eyes about NURSING! By R. Ravanera What this book teaches you is an in-depth detail guide to how to approach your nursing, something that school or the nursing job teaches you! From an extraordinary person, Carmen Kosicek provides a wealth of information from her own experience to nurses who want something more. What I mean extraordinary is she has a global view of nursing career for its just more than being a bedside nurse, just filling out an application, going from one hospital or another health care facility. No, Kosicek gives a person the view of how one can be successful from returning to school for education, protecting your investment (RN license # should not be public, you'll know why!), and so much information I actually had to take a glance at my Kindle to see which of many chapters I liked to mention. This book, is an investment for those who are beginning their career, working in their career, and going to plan to retire from this wonderful, blessed career. I should know, Im a nurse.

'Best Book Award of 2014' by Amazon Editors'. 'Nurses, Jobs and Money -- A Guide to Advancing Your Nursing Career and Salary offers a sobering portrait of the nursing industry and what nurses can do to advance their nursing career and salary in todays environment. Filled with proven techniques and real-life case studies, this book shows those in nursing exactly how to plan their career for optimal income and success. Written by a veteran nurse and healthcare professional who has single-handedly helped hundreds of nurses expand their careers, this book offers an honest look at the challenges facing nurses today, as well as refreshing solutions for attaining your next career goal. Whether you are a student nurse or a seasoned healthcare professional, you can use these tips, detailed scenarios and step-by-step guides on how to catapult your career to lucrative opportunities in the nursing profession. This quick read takes you outside the traditional realms of nursing and opens your mind to employment paths not taught in schools. No matter what position you choose to pursue after reading this book, you will be positioned to win!

From the Author DEDICATION This book is dedicated to all my nursing students. Together we have achieved new possibilities for financial and career success, while living our passion as nurses.
