U. S. Department of Labor : Occupational Outlook Handbook (Occupational Outlook Handbook (Cloth-Claitor's)) before purchasing it in order to gage whether or not it would be worth my time, and all praised Occupational Outlook Handbook (Occupational Outlook Handbook (Cloth-Claitor's)):

0 of 0 people found the following review helpful. Five StarsBy T. Viaugreat0 of 0 people found the following review helpful. Five StarsBy Steven KennedyArrived well packaged, on time and exactly as described. Thank You0 of 0 people found the following review helpful. Did not provide me with what I neededBy DexInformation is dated by the time it is published. Market trends change so rapidly and regions vary so dramatically that this was not very helpful to me. I can see where it can be a helpful tool - but was a waste for what I needed.

Occupational Outlook Handbook, 2008-2009 (OOH), features well-written interesting descriptions for nearly 270 major jobs in the U.S. and summary information on additional jobs. For each job, the book discusses the nature of the work, working conditions, job outlook, training and education needed, earnings, related occupations, and additional information sources, including Web sites. Packed with practical, current information, the OOH is an invaluable resource for anyone doing career research, making career decisions, writing resumes, and preparing for interviews. Known for timely and accurate publishing of this resource and its rock-bottom price, JIST offers two exclusive bonus sections in this comprehensive career reference. Brand new to this edition of the OOH is the Personality-Career Quiz, which helps readers match themselves to the OOH jobs. The quiz is based on the six personality types-Realistic, Investigative, Artistic, Social, Enterprising, and Conventional.

"A wealth of information for people facing career changes and students deciding on career choices." -- American Reference Books Annual
