Walter this book is so informative. gives you a great summary of careers; such as salary, education needed, percentages. its a great tol for high school students trying to figure out their future. 2 of 2 people found the following review helpful. Excellent for College Freshmen By E. Salazar I work at a university and purchased this book for our college freshmen. It is an excellent resource for college students developing their first resume. The information is well organized and easy for our students to understand. I highly recommend this book for university career centers and first year college students. 1 of 1 people found the

By M. BudzI use this book as a reference for a teen interview etiquette class I teach. I found it to be very helpful. I liked the quotes a lot and the Tip boxes. I just wish it had listed more internet resources for teens to go to for resume building techniques. Great book...I'm thinking about selling in my classes.
