Joy Masoff : Oh, Yikes!: History's Grossest Wackiest Moments before purchasing it in order to gage whether or not it would be worth my time, and all praised Oh, Yikes!: History's Grossest Wackiest Moments:

I am more than happy. 1 of 1 people found the following review helpful. I like this more than my kids By Miriam Stolle Cough cough, ahem ahem... I, the thirty plus year old mom, enjoyed this book as much, if not even more so than my children. I would hang my head in shame but I can't. You will like it too! I learned so many interesting tidbits, and it made history so much more relatable to my children. I would buy for friends any time, this is a great birthday present! 0 of 0 people found the following review helpful. Four Stars By Celeste N It was good, but lacked visuals.

Gross is back and viler than ever! From the author of Oh, Yuck! the perennial bestseller about science with over 610,000 copies in print, comes OH, YIKES!, an illustrated encyclopedia of history's messiest, dumbest, grossest,

wackiest, and weirdest moments. If kids think pus and gas are fun, wait until they hear the lowdown on the real Dracula, samurai, gladiators, guillotines and vomitoriums, pirates, Vikings, witch trials, and the worlds poxiest plagues. Impeccably researched, deliciously wry, and subversively educational (check out the toilet-paper timeline), OH, YIKES! covers people, events, institutions, and really bad ideas, alphabetically from April Fools Day to zany Zoos. Here are the Aztecs, sacrificing 250,000 people a year for the gods and for food. Fearsome Attila the Hun, scourge of the steppes whose spinning eyes terrified his friends and whose mastery of horses terrorized his enemies (how does someone so evil die? Nosebleed!). Saur, the 11th-century dog-king of Norway (and not too bad as kings go). Henry VIII and his marital problems, the story of the Abominable Snowman and the Loch Ness Monster, why sailors in the old days preferred eating in the dark (hint: you cant see whats crawling in your food), and the answer to the question, How did knights in armor go to the bathroom? Topped off with hundreds of illustrations and photographs along with hands-on activities that bring the past to life, OH, YIKES! puts the juice in history in a way that makes it irresistible.

From the Back Cover The real Dracula. Gladiators and guillotines. Life before toilet paper. Famous monsters: the Abominable Snowman, the Loch Ness Monster, Henry VIII. Attila the Huns raw-meat saddle, disgusting medieval jobs, how knights in armor went to the bathroom, and why sailors liked eating in the dark. (Hint: You cant see whats crawling out of your food.) What Joy Masoff did for science in her perennial bestseller, Oh Yuck!, she now does for history in Oh, Yikes!, an illustrated grossopedia of mankinds freakiest, funniest, weirdest, and wildest moments.
