OK, if you want a book you can read in one sitting.By S. VeatchThere are some typos: "It should be as powerful as Bill having said it at the interview herself." It

should be himself. Some questions are Java specific, or specific to certain languages, but not others, without any indication of which languages they are referring to.

OOPS Interview Questions You'll Most Likely Be Asked is a perfect companion to stand ahead above the rest in today's competitive job market. Rather than going through comprehensive, textbook-sized reference guides, this book includes only the information required immediately for job search to build an IT career. This book puts the interviewee in the driver's seat and helps them steer their way to impress the interviewer. Includes: a) 153 OOPS Interview Questions, Answers and Proven Strategies for getting hired as an IT professional b) Dozens of examples to respond to interview questions c) 51 HR Questions with Answers and Proven strategies to give specific, impressive, answers that help nail the interviews d) 2 Aptitude Tests Software available as download on www.vibrantpublishers.com

A well framed book written on interview questions. --Jack Hayley, Sydney Good questions to ask in interviews, helps the interviewer with better choice of questions --Riley Pack, New Brunswick Right from JAVA, to C++ and everything one needs in OOPS. I strongly recommend this one. --Atiq Arbaz, New England Had been asked one question from this book in my TCS Interview --Rohit Sharma, Ludhiana Has everything one needs, technical interview questions, HR Questions and Aptitude Tests --Steve Steele, New Hampshire
