**Brian M. Stableford** : **Opening Minds (Memoirs of the New York Botanical Garden,)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Opening Minds (Memoirs of the New York Botanical Garden,):

This collection of critical essays explores the philosophy, theory, and history of science fiction and fantasy, from its earliest beginnings in the mid-nineteenth century through more recent times.

About the Author Brian Michael Stableford (born 25 July 1948) is a British science fiction writer who has published more than 65 novels.
