**Adrian A. Paradis : Opportunities in Part-Time and Summer Jobs** before purchasing it in order to gage whether or not it would be worth my time, and all praised Opportunities in Part-Time and Summer Jobs:

Baldwin Ph.D.The book "Opportunities In Part-Time and Summer Jobs" by Adrian A. Paradis is woefully out of date as it was first published back in 1998 and never revised. Now as you may suspect there is no mention of things like Facebook or Twitter or even the internet itself. But what it lacks on the digital side it makes up for on the practical side, from how to be a Forestry Aid to Running Errands. Every conceivable Part Time and Summer Job Mr.

Paradis could think of way back in 1998 is in this book. But the real problem with the book is it just talks about Part Time and Summer Jobs with no resource page of where to find these jobs? So you are basically left on your own with this book. I would recommend a much newer and better book that has a summer jobs resource page called "PART TIME SUMMER JOBS" By Scott X.
