Wonderful Companion to The College Edition of The Oxford History of Western Music By PAUL This is a wonderful resource, which adds to the The Oxford History of Western Music College Edition which has Cross References throughout. This is Volume Three covering "The Twentieth Century" together with CD's which are available either in a Concise or full version for each Volume -- which are cross referenced throughout the College Edition, which allows anyone interested in Western Music to "see" (and "hear") the rich heritage that has come to be Music as we have it today. 0 of 0 people found the following review helpful. they were great.
