**From Oxford University Press : Oxford Collocations Dictionary for Students of English** before purchasing it in order to gage whether or not it would be worth my time, and all praised Oxford Collocations Dictionary for Students of English:

25 of 25 people found the following review helpful. This is a gem!By Serious BuyerAs a librarian, I have looked for a good dictionary of English collocations for years. Unfortunately, there are few titles available on OCLC and the Internet. Moreover they are either prohibitively expensive or not very helpful. Unlike all other dictionaries of this kind, however, Oxford Collocations Dictionary for Students of English is truly outstanding for its completeness of coverage,

page layout, information on usage, and surprisingly low cost. I wish to say that in addition to its other great features, this dictionary does a great job of helping its readers improve writing. I believe my investment in this dictionary is an extremely rewarding one. My sincere thanks to Editor Diana Lea for this much-needed dictionary. 0 of 0 people found the following review helpful. Five Stars By Alyssa Rozenbaumok. 0 of 0 people found the following review helpful. Five Stars By juliana nino Excellent

This is a completely new type of dictionary that will help students write and speak natural-sounding English.

'A definite need at CAE and IELTS level. A useful tool for improving writing.' - Nina Vivanco, Basil Paterson College, Edinburgh
