From Oxford University Press USA : Oxford Collocations Dictionary before purchasing it in order to gauge whether or not it would be worth my time, and all praised Oxford Collocations Dictionary:

10 of 10 people found the following review helpful. Vital issue for English learners By Vladimir Borissenko I love this book. It's very useful and easy to use dictionary that provides valuable help especially when trying to express your thoughts more native-speaker-like. The CD-ROM makes the dictionary portable as you can take it everywhere with your laptop. Also many exercises can significantly improve your English level. I definitely recommend this book to

every student of English. 0 of 0 people found the following review helpful. Five Stars By Customer complete! 5 of 5 people found the following review helpful. Useful for English learners By Tad Very useful for English learners and detailed as every Oxford book. A must have for everybody who like to study English.

The dictionary that helps students write and speak natural-sounding English, now in a new edition with CD-ROM. Which words usually go together? This dictionary shows you the common word combinations (collocations) that are essential for natural-sounding British and American English. Completely revised and extended, the new edition has over 250,000 collocations and over 75,000 examples.
