BairdThis is a lovely dictionary for someone who is a beginner, and still needs to read with nikkud. I found it easy to look up words I didn't know. The expressions and idioms that are included were really handy to get some idea of how to express myself. More advanced speakers of Hebrew will find it very helpful too. If the typeface could be a little larger, it would have been handy, but it wasn't a huge drawback. I highly recommend this dictionary.1 of 1 people found the following review helpful. ... this native English speaker found this to be the superior bilingual dictionary for its sizeBy Paul FosterNot only has this native English speaker found this to be the superior bilingual dictionary for its size, I have had many Israelis tell me that it is only right and proper that I should agree with them.
