**John Weiner : Oxford English Dictionary Additions Series, Vol. 1** before purchasing it in order to gage whether or not it would be worth my time, and all praised Oxford English Dictionary Additions Series, Vol. 1:

These are the first two volumes in a major series supplementing the acclaimed Second Edition of the Oxford English Dictionary . Each volume contains 3,000 new words and meanings presented in the style of the OED, representing a variety of work-in-progress from across the alphabetical range, covering words and meanings that have recently

entered the language as well as the results of further research on items already included.

`Should be regarded as an essential purchase for a library possessing OED2.' The Year in Reference
