Great Addition to Your Child's Library By Kris This is a beautiful book, but I wish I'd selected the Junior Dictionary instead of the Illustrated Junior one. Maybe because my 1st grader is in an accelerated curriculum, but I was expecting this dictionary to be more of a challenge for her vocabulary. Ah well, she loves the book, and your child will too - the colors are bright and the definitions are not complex at all, making them easy and understandable for their age group. I was super surprised to see that it arrived sooner than the EDA my invoice read. I will definitely be ordering from this seller again very soon, as I want to pick up the next volume of the dictionary, as well as the thesaurus for my kiddo. Overall, we're very happy with this purchase 4 of 6 people found the following review helpful. Great dictionary..... By deb This is the best children's dictionary I have ever

seen. My grandson loves it. When he asks what a word means, I suggest he look it up in his Oxford dictionary. Not only does it tell him what it means, it has the pictures and how it might be used in a sentence. I would highly recommend this dictionary. 1 of 2 people found the following review helpful.
