From James Morwood : Oxford Latin Desk Dictionary before purchasing it in order to gage whether or not it would be worth my time, and all praised Oxford Latin Desk Dictionary:

3 of 3 people found the following review helpful. An OK desk dictionary By Humphrey Dubois I ordered this together with Oxford's Latin Grammar. I have found the Latin Grammar absolutely indispensable, but the Dictionary is so-so. Granted, it doesn't claim to be more than a Desk Dictionary, so it wouldn't be fair to denigrate it. But if you want a

dictionary with a rich vocabulary and loads of examples and idioms, get the Collins Latin dictionary. My copy of that one is just about coming apart, I use it so much. 7 of 7 people found the following review helpful. Great product
By Kirsten M. Blair
As a Classics student I had access to the HUGE Oxford Latin dictionary, and loved it. Now that I do Latin for fun, I didn't want to get one of those as they are extremely expensive and non-portable. This is much better than a paperback and has had all the words I have needed so far, plus great tables of declensions, etc. Cheers to Oxford for this one!

By S. Henley
Ssssssooooo useful. Permanently located within reach when reading as I am fascinated with word origins and meanings.

This is the first edition of the Oxford Latin Desk Dictionary, offering essential coverage of Latin words and grammar, as well as extra information on Roman history and culture. It takes account of the latest research into Latin, and is designed specifically to fit the needs of today's student. It covers over 46,000 words and phrases, including additions from the writings of Plautus and Terence, and from the study of Silver Latin. Common irregular verb parts are given as headwords for greater clarity, and boxed notes provide help with language usage, and with difficult words and constructions. There are detailed appendices on historical, mythological, and geographical names, as well as sections on money, weights and measures, dates, and times, poetic meter, and medieval Latin. With a timeline of important dates, and biographies on Roman writers, this edition is packed with interesting and essential information on Roman history and culture. Also with pronunciation help and a guide to Latin grammar, this compact and affordable dictionary is a necessity for all students and adult-learners of Latin.
