From Oxford University Press : Oxford Mini Thesaurus before purchasing it in order to gage whether or not it would be worth my time, and all praised Oxford Mini Thesaurus:

Here is a brand new edition of the best-selling Oxford Mini Thesaurus, the most handy and affordable thesaurus available, with completely up-to-date coverage of over 130,000 alternative and opposite words. The most useful alternative words are given first to ensure maximum accessibility, and thousands of example sentences enable you to

pinpoint the correct sense of the word you need quickly and accurately. In addition, a new Wordbuilder supplement offers wordfinder lists to help broaden and enhance your vocabulary plus vocabulary lists to help with games and puzzles.
