From Oxford Univ Pr (Sd) : Oxford Paperback Thesaurus before purchasing it in order to gage whether or not it would be worth my time, and all praised Oxford Paperback Thesaurus:

With its A-Z format, the "Oxford Paperback Thesaurus" is a reference book for all kinds of writing needs: for study, at home, or in the office. It has alternative words - 300,000 - with a range of other benefits. It provides help on how to

use the different words, through practical example phrases, quick access to the likely options, with the the most useful words listed first, and an in-text cross-referencing system to take you to other entries. This book is intended for for school, home and office use.
