**Oxford Dictionaries : Oxford Pocket American Dictionary of Current English (New Look for Oxford Dictionaries)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Oxford Pocket American Dictionary of Current English (New Look for Oxford Dictionaries):

0 of 0 people found the following review helpful. This is the second copy of this in our household ...By Marilyn C GatterThis is the second copy of this in our household. My husband uses his so much I had to get my own.0 of 0

people found the following review helpful. Very thorough -- but you'll need one BIG pocketBy bobI take this dictionary to depositions on the advice of a very experienced attorney to counter the other parties' objections for "vague." When they claim a question is vague or ambiguous, I pull out this bad boy and clear up any vagueness. However, when I bought it I was hoping it would be a bit smaller to more easily fit into my litigation case -- but, be that as it may, I would not trade its level of detail for a couple of inches.0 of 0 people found the following review helpful. Five StarsBy IL H. CHOgreat dictionary

Based on a vast database of over two hundred million words, the Oxford Pocket American Dictionary of Current English offers superb coverage of American English. Oxford's U.S. Dictionaries Program has taken a state-of-the-art approach to the design of reference works, focusing on the words users most commonly encounter, and omitting those rarely used. All Oxford American dictionaries use an easy-to-use respelling system to show how entries are pronounced. It uses simple, familiar markings to represent common American English sounds. The result is the most reliable word resource available, one that is more practical and less expensive, perfect for students or the general reader. Its features include: Grammar, Style, and Usage Notes that give guidance on correct English Hundreds of Word Histories that provide a fascinating background to our language 225 illustrations, commissioned by Oxford's U.S. Dictionaries Program, that add important visual information to complement the definitions Reference appendices with information on weights and measures, metric conversions, chemical elements, countries of the world, U.S. states and presidents, and much more Affordable, durable, easy to read and completely up to date, this is the finest dictionary of its size available. date, this is the finest dictionary of its size available. [On Cover] 180,000 concise definitions and entries 3,000 biographical and geographical entries

"The layout has been improved from the 1st edition and features a clear, bright font and accessible format." --Book NewsAbout the AuthorFrank Abate is Editor in Chief of the U.S. Dictionaries Program for Oxford University Press. He has compiled or edited more than 30 dictionaries and a wide variety of other language and general reference works.
