Susan Bates : Oxford Preparation Course for the TOEFL iBT Exam: A Skills Based Communicative Approach before purchasing it in order to gauge whether or not it would be worth my time, and all praised Oxford Preparation Course for the TOEFL iBT Exam: A Skills Based Communicative Approach:

0 of 0 people found the following review helpful. Super Practice Book!By muushuu10This is a very effective and super helpful exam book to prepare for the TOEFL! There are so many activities, realia, media items, and of course tests to really get a lot of experience with the English language and practice for this difficult test. It's so worth it to purchase this book and get the practice you need!0 of 0 people found the following review helpful. The Best TOEFL prep book I've foundBy NateThis is the best TOEFL prep book I've found so far for teachers teaching TOEFL test prep. It includes well organized lesson plans and systematically works through 570 academic words that are common in

college texts, and on standardized tests, including the TOEFL. There are also activities teachers can use to scaffold content for students who may need a little more help to understand the kind of content that can be found on the test. Chapters are organized thematically, which gives students some context for what they are studying. 0 of 0 people found the following review helpful. Great BookBy MemoThe book contains some awesome educational information, it is like i'm taking university classes, it definitely taught me good. However, I had an excellent teacher who did the teaching, so that might differ for you.

The Oxford Preparation Course for the TOEFL iBT™ Exam program includes:
High-interest, theme-based content
Multimedia support: CD, DVD, website and slide presentations
Complete integration of the Academic Word List
Three simulated practice tests
Answer key with explanations
