**Oxford Dictionaries : Oxford Spanish Mini Dictionary** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Oxford Spanish Mini Dictionary:

2 of 2 people found the following review helpful. This is great as a necessary travel accessory By US Writer This is great as a necessary travel accessory: It's small and lightweight. While it seems to include most words a traveler needs, I would suggest something more extensive for a person requiring a more advanced reference for the language. 0 of 0 people found the following review helpful. The best option to have a pocket By Customer This is exact as the description said. The best option to have a pocket dictionary 3 of 4 people found the following review helpful. Not best for Americans By Customer A sturdy fat little volume suitable for backpack or cargo pants pocket. Won't fit most other

pockets or the space in the glovebox on my subcompact. My main complaint with this is that it appears to be strongly European. British English and European Spanish! Not the best buy for a Southwesterner looking for definitions of words in business signs or ads. For example, the word "piloncillo," which turns up often in grocery ads, is not in this dictionary. My falling-apart U of Chicago at least has "Am.: unrefined sugar loaf," which gave me a clue to the local meaning of "brown sugar cone." Of course, most definitions will be fine and there are some definitions marked "Amer." No dictionary I have found gives a meaning for the locally common business "Yerberia" or "Herberia." There may be other spellings. Anyone have a dictionary with this word?

This is the reissued Oxford Spanish Mini Dictionary - now in an attractive new format. This small dictionary offers the most accurate and up-to-date coverage of essential, everyday vocabulary with over 40,000 words and phrases and 60,000 translations. Easy-to-use color design and a center section of useful words and expressions listed by topic make this dictionary ideal for travel and quick reference.
