National Geographic Maps - Adventure : Panama (National Geographic Adventure Map) before purchasing it in order to gage whether or not it would be worth my time, and all praised Panama (National Geographic Adventure Map):

0 of 0 people found the following review helpful. GoodBy gmarmotNice map.2 of 2 people found the following review helpful. Panama map by the National GeographicBy NKKI was in Panama and looking for a good map around San Felix. The map I purchased for \$7 from the super-market in San Felix was quite disappointing and not detail enough. This map I've got from you was published by the National Geographic and the best map I have ever had. This map is all you need to have in Panama.NKK0 of 0 people found the following review helpful. Great Cart but has solvent smellBy FayeZ D.The cart works great and is very compact when folded for storing on my sail boat where where space is a premium! It rolls very smoothly and even rides the bumps well. The only draw back is the smell of solvent it has, and I think it is the smell of the tire material, but it gets less intense with time. So, wear gloves and give it a good bath with soap when you first get it and leave it out side for as long as possible.

Waterproof Tear-Resistant Travel MapDesigned for the needs of adventure travelers, National Geographic's Panama Adventure Map is the most comprehensive map available, covering the entire country, with expertly researched background information, travel tips and descriptions of popular destinations. A user-friendly index of selected towns and protected areas, including National Parks, nature and forest reserves, wetlands and wildlife areas, will help you select areas to explore. The marked road network of major and minor roads, including the Pan-American Highway, airstrips and railway tracks will get you to your desired location, including those outside of major tourist hubs. Some of the pinpointed recreational, historical and cultural features include areas for surfing, fishing and diving, hiking trails, archeological sites, reefs and mangroves. An inset map of Panama City provides in-depth detail of the capital, including its hospitals, churches, synagogues, monuments, cemeteries, embassies and other notable buildings. The Casco Viejo (San Felipe) area is shown with even greater detail, for those planning a self-guided walking tour. An inset map of the Panama Canal region details this must-see engineering feat, that connects the Atlantic and Pacific Oceans. Some of the points of interest shown are the Canal's locks, visitor centers and the Panama Railway connecting Colon and Panama City. This abundance of specialized content makes the map the perfect companion to National Geographic's Panama Traveler Guide or any other guidebook. Every Adventure Map is printed on durable synthetic paper, making them waterproof, tear-resistant and tough capable of withstanding the rigors of international travel. Map Scale = 1:475,000 1:165,000Sheet Size = 37.75" x 25.5"Folded Size = 4.25" x 9.25"

About the AuthorFounded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
