One of the Best!By Jack of tradesIf you are learning Spanish, this is the ultimate for intermediate level.It provides comprehensive grammar in 1 book with several exercises that have answers within the book. This is a comparable college-level text to the detail of those books handed out in high-school.Not only does this text cover all the basic grammar and vocabulary of Spanish, but also details of when to use what vocabulary in specific situations (Oyo! Sections), and how the grammar can change depending on the context (preterite vs. imperfect, subjunctive, passive "se" vs. other uses for "se", how prepositions modify verb meaning, i.e. "pensar de" vs. "pensar en").What makes this such an excellent tool for Spanish is emphasizing the conjugations of verbs and the context in which to use them. It is presented in a simplistic, logical format (another textbook that I use for a Spanish class is using a terrible book that makes it difficult to parse out the grammar sections and has no answers

to the exercises). In addition to vocabulary grammar, there is a section in the back (one of the Appendices) that covers pronunciation linguistics to prepare the student for further study in Spanish. Also, the online exercises are excellent and cover both vocabulary and grammar in a comprehensive manner. One can use this textbook to learn by themselves, or with the aid of a professor. I would suggest this book for anyone trying to learn Spanish. It will provide the kind of solid basis that a student needs to have for further study (300-level and beyond) as well as preparation for an interactive experience (Study Abroad). 0 of 0 people found the following review helpful. Four Stars By Stephanie Hate the class but the book makes it a little bit easier. 0 of 0 people found the following review helpful. Great condition price! By John Excellent price and condition! Thank you.

The Pasajes series is one of the most widely used and highly respected programs for intermediate Spanish courses in North America. As in previous editions, the seventh edition of Pasajes consists of three volumes, all coordinated by theme, chapter by chapter: a review of grammar (Lengua), a cultural reader (Cultura), and a literary reader (Literatura). The result is a very flexible program that can be used in any combination and thus is easily adapted to suit the needs of a wide variety of instructors and intermediate courses. The new edition offers a new film feature in Lengua with pre- and post-viewing questions and an accompanying image. In addition, Literatura and Cultura each have three new or revised readings. All three volumes have a modified interior design, as well as updated and revised activities and photos.
