The annotations following the verbs in the text of the stories, is annoying, but I understand the authors dispense with those after a few chapters. I order three books from two different sellers. They all arrived in good condition, just as promised.0 of 0 people found the following review helpful. Five StarsBy KJAwesome. Book is in good condition0 of 0 people found the following review helpful. interesting bookBy wolfgirl81although not my favorite book I rate it as ok cause I would like to have seen them explain the words a little more so we can understand what some of the passages are saying; However I did learn alot about Spanish culture and I loved it!

The Pasajes series is one of the most widely used and highly respected programs for intermediate Spanish courses in North America. As in previous editions, the seventh edition of Pasajes consists of three volumes, all coordinated by

theme, chapter by chapter: a review of grammar (Lengua), a cultural reader (Cultura), and a literary reader (Literatura). The result is a very flexible program that can be used in any combination and thus is easily adapted to suit the needs of a wide variety of instructors and intermediate courses. The new edition offers a new film feature in Lengua with pre- and post-viewing questions and an accompanying image. In addition, Literatura and Cultura each have three new or revised readings. All three volumes have a modified interior design, as well as updated and revised activities and photos.
