**Judith Johnstone : Passing That Interview: How to Make Yourself the Winning Candidate (Jobs Careers)**  
before purchasing it in order to gage whether or not it would be worth my time, and all praised Passing That Interview:

## How to Make Yourself the Winning Candidate (Jobs Careers):

When every candidate becomes the perfect clone of the one before, it is important to have an extra "something" to be distinguished above the rest. This book provides a step-by-step guide to pre-interview groundwork, the interview itself and what can be learned from the experience afterwards. It also contains sample and pre- and post-interview correspondence, and is complete with a guide to further reading.
