Great bookBy ShannonI had ordered this book from the Marketplace and was very suprised by the great condition the book arrived in. Not only was the book in good condition but it was also signed by the artist. I got really lucky. Anyhow, this book is a great collection of Donalds work. He has such a great humor about his work. I think that anyone who is a fan of Wilsons work will absolutely love this book.0 of 1 people found the following review helpful. roller, rollerBy rockandhardplaceLooks like early Roller.....still looking for the Simian in the Ruff.Last seen in Washington DC mid 90's in a gallery window.
