Welcome to The Drinker's Bible: Shots! Shots! Shots!. This book has over 200 of the most essential shooters for making the night the most fun it can be. A shooter is simply a shot of two or more mixed spirits and usually a non-alcoholic ingredient. Everyone enjoys a good shooter, and now, with this book, you will be a pro and know them all. Be the delight of the party with all the best recipes out there. The shooter today has become commonplace in the bar and club scene, but nobody really knows how to make them and has to pay insane prices to get them. With this book and just a few supplies anyone can make the same professional drinks at home for a mere fraction of the price! After only maybe five shots made on your own, instead of paid for at the bar, this book will have paid for itself. The amount saved, and fun had are limitless with The Drinker's Bible! So enjoy the book and, as always, party safely and have a sober driver.
