Its to the point information is great and really does go from A-Z with the mystic and metaphysical world. I have learned so much in just the paragraphs. Great for children.0 of 0 people found the following review helpful. Five StarsBy Diana GoldingAwesome knowledge!0 of 0 people found the following review helpful. Very Happy CustomerBy BrittanyVery happy about my purchase, it was exactly what I had expected. I am also happy with how fast it was shipped and the quality it was it.

Children's questions about the wider universe are not easily answered by conventional encyclopedias. This reference book stimulates discussion on the type of subject that children and their families are increasingly talking about and takes readers on a fascinating, comprehensive journey through the world's mysteries, marvels and unexplained phenomenon.
