From Brand: Facts on File : The Encyclopedia of Animal Behavior (Encyclopedia of Animal Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Encyclopedia of Animal Behavior (Encyclopedia of Animal Series):

The Encyclopedia of Animal Behavior provides a window into the discoveries, made by those who are prepared to stop and watch, about the behavior of animals. The aim of this book is to share with the reader, professional biologist and amateur natural historian alike, some of the fascination and excitement of the latest discoveries and interpretations of animal behavior.
